Ground Floor, Building 5, Brandon Office Park
530-540 Springvale Rd, GLEN WAVERLEY, 3150

Hospital Admission Risk Program assists adults to stay safely at home for longer, thereby keeping pressure off hospital admissions.

We assist people short-term to identify the issues that are leading to hospital admissions and find ways to address these.

The HARP staff at UnitingCare lifeAssist are your one point of contact to enable:

- Access to nearly 30 lifeAssist programs
- Referral to aged care HACC services
- Assessment and planning
- Liaison with GPs
- Linking to local community services
